***Request for Continued Examination***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 5/23/2005 has been entered. An action on the RCE follows:

**REASONS FOR ALLOWANCE**

2. This office action is made in response to applicant's amendment filed on 5/23/2004. Independent claim 1 is amended, and dependent claims 2-11 are original. Claims 1-11 are currently pending in the application.

3. Applicant's arguments, see page 7, filed 5/23/2005, with respect to claims 1-11 have been fully considered and are persuasive. The rejection of Hansen et al has been withdrawn.

4. Claims 1-11 are allowed.

5. The following is an examiner's statement of reasons for allowance:

Hansen et al (US 5,910,792), the cited prior arts, alone or in combination, do not teach or fairly suggest "a matrix addressed display device comprising: means for dynamically determining cut-off correction information based on temperature sensed by said temperature sensing means and for providing cut-off correction information to only one of said first plurality of parallel conductors or said second plurality of parallel conductors."

This distinct feature has been added to the sole independent claim 1 and renders the above limitation allowable and along with other limitations as recited in the independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
